

Nursing Now Challenge Global Solutions Initiative

Supporting the creation of
nurse & midwife-led solutions
to global health challenges

How to get started

You are encouraged to participate in the kick off webinar where you will receive detailed information about the theme, guidance on developing your idea and key dates.

What should your concept note include? (Part 1)

Tell us about you

- Name, job title and employer name.
- If you are entering as a group, include details of each group member.
- Contact details including your email address.

The big idea

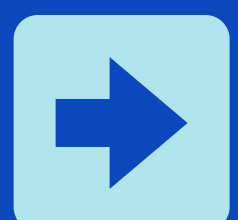

- A summary of your solution in 150 words or less.
- This is your elevator pitch which should summarise what the challenge is, why it is important and how your solution will address the challenge.

(150 words)

Context

- Tell us about the challenge or issue you are seeking to address.
- What is the local, national or global context?

What should your concept note include? (Part 2)

Create your Nursing Now Challenge Global Solution

You should provide a detailed description of your solution including:

Your solution

- How does your solution address the challenge that you have identified?
- How will your solution improve outcomes and benefit patients and/or the target community?
- What makes your approach innovative? Include details of any digital platforms used as part of your solution.

Working with others

- Who is needed in order to make this solution a reality?
- Let us know if you have already identified and engaged with stakeholders in the design of your solution.

Implementing your plan

- What resources will be needed to implement your plan and what will you do to mobilise these resources?
- Will you need approvals to implement your solution and what steps will you take to get these?
- How is your solution sustainable and/or scalable?

Evaluation

- How will you evaluate the success of your solution?
- How would you spread the word and encourage wider uptake of this approach?
- How does your solution support the leadership development of early career nurses and midwives? For example, does your solution encourage the involvement of early career nurses and midwives in influencing policies and decision-making.

(500 words)

Conclusion

- Tell us about you and what motivated you to submit your solution.
- Explain how participating in this initiative is supporting your career development and how you will use the contacts made and knowledge gained.
